

JOB AD

JOB TITLE: Junior Billing and Mediation Specialist
LOCATION: Skopje, Macedonia
COMPANY: Daring Star Ltd (www.daringstar.com)

Company Info

Daring Star Ltd is a young and dynamic International company, providing integration services for Telecommunication businesses.

We specialize in Business and Operations Support Systems (BSS/OSS) such as Billing and Customer Care System, Mediation Platforms, Convergent BSS Solutions and Middleware Integration.

At Daring Star we focus on engagements that require highly specialized and skilled personnel and we are looking for fresh graduates with very strong technical IT skills to support our projects in the area of Systems Integration and Software Development.

Job Description

- Support in all areas of telecom billing and mediation platforms
- Development of configuration scripts
- Development of add-ons, plug-ins and platform customizations
- Preparation of test cases and test execution
- Identify, troubleshoot report and/or resolve bugs and problems encountered during the test execution

Job Requirements

- Post-graduate master's degree (i.e. MSc) in Information & Computer Technology or Formal Sciences is a must
- Fresh graduate with degree obtained between 2013 and 2014
- Excellent knowledge in at least one of the following areas:
 - C/C++ and Python
 - UNIX and shell scripting
 - Relational Databases (Oracle), SQL and PL/SQL
- Excellent command of the English language both written and spoken
- Ability to work abroad depending on the nature and the duration of the assigned projects
- Military obligations fulfilled, if applicable

Personal Skills

- Team-player with strong communication skills
- Systematic, disciplined and analytical approach to complex problem solving
- Adaptable to diverse and multicultural environments
- Ability to work under pressure

If you wish to apply for this position, please submit your CV and a cover letter (both in English) to: jobs@daringstar.com

All selected candidates will be subject to a pre-employment technical screening test.
